

FREE COUNSELING SESSION!

~ Fourth Annual Session Giveaway ~

Susan Kistin

Licensed Therapist, Conscious Living Coach,
Minister of Walking Prayer.

This annual giveaway is inspired by my childhood experience of my father giving gifts to us every year on his birthday. I am delighted to carry on this tradition during my birthday month! I invite you for a full-length session of exploration and discovery. My gift!

- *Have something you're struggling with..?*
- *Want some kind attention and solid feedback...?*
- *Come for a complimentary session of new discovery!*

Sessions need to be booked in September, but can carry over to October. Receive some new perspectives and spark the change you want to make! I offer therapy, coaching and spiritual counseling. There is absolutely no expectation or obligation to continue sessions after the free one, although some people make that choice. This is for anyone who is not a regular client. You are completely welcome to come again if you've already come for a free session in previous giveaways. Tell your friends-they're invited too!
